★ Achievements

✔ I designed and hosted the Ethical Hacker Society website during my 2nd and 3rd years at ITB.

✔ Since its conception, I successfully ran an online Capture The Flag event on the website in February of 2018, in which 60+ security enthusiasts across Ireland have competed.

✔ I organised and wrote challenges for a Capture The Flag competition at ITB HackerSoc in November of 2018, which lasted one week and included prizes for top 5 and top 3 from our sponsors Zero Days Security and Practical Pentest Labs.

📋 Relevant

✏ I recently started a blog

✏ I love playing sports but need a 25h day to fit it all in

✏ Able to take constructive criticism, provided it is not incorrect

✏ Aspire to innovate and to allow commenced projects to come to fruition

✏ Pro: always ready to help someone in need. Con: can't help myself, oh the irony!
